### President's Message

THE Spring production for NFLT is a brand new musical written by our own Jeff Siamon. Jeff has been looking after lighting, sound and our web site, since taking over that job from Wendy Parliament. His musical, “The Boy Wonder,” is set in New York city during the 1930’s. The music is from that era and for some it will be a pleasant walk back in time, while for the younger generation it will be something new. This was a tumultuous time in history and in many ways Jeff’s play reflects that. Show business could be cut throat and we certainly become shockingly aware of that aspect in the final Act of Jeff’s play.

Due to the nasty weather conditions the first 2 rehearsals were cancelled but through sheer determination Jeff rallied the Cast and Production team to come out on a wintery night. We met at Martina and Jeff Green’s place for the first read through of the script. If that reading is any indication of what lies ahead, we definitely have a great show in the works. Our lead actors have good strong voices and are fabulous singers as well. So my friends we have hit the ground running so to speak and this notice is meant only to whet your appetite for more news on our brand new musical “The Boy Wonder.”
